ITINERARY

DAY 3: RHODES (GREECE) – ARRIVE 08:00 | DEPART 18:00 (ALL MEALS)

📍 This morning after breakfast we start our day in Rhodes.

▶ About: The stunning landscape of Greece's largest Dodecanese island, Rhodes, seamlessly incorporates dramatic ancient and historic sites with charming modern hillside villages. Here you will visit the majestic medieval fortification of the Acropolis at Lindos perched on the cliff top above the crystalline Aegean and explore the cobbled alleyways and narrow arteries in the Old Town where you will discover opulent architecture with Ottoman and Italian influence.

★ Suggested OnShore Excursions:

1. Acropolis of Rhodes – It dates from the Classical Greek period and sits proudly on the hill of St Stephanos. We wander through the ruins of the Hellenistic Temple of Apollo with its impressive columns. Below is the restored Ancient Stadium of Diagoras and theatre. We then head for Philerimos, one of the great tourist attractions of the island. The beautiful Monastery of Panagia Philerimos is located on a hill above Ialysos, one of the three Rhodian cities that participated in the Trojan War. The Monastery, accessed by stone steps surrounded by Cypress trees, is dedicated to the Virgin Mary the Life-Giving Source and unusually is Gothic in style. It was built in the 15th Century by the Knights of St John. This is one of the most atmospheric and intriguing areas of Rhodes, where we delve into the very heart and soul of its history.
2. Old City Tour – We begin along the Street of the Knights in the Old City. It's one of the best preserved medieval thoroughfares anywhere. We will see the buildings that were home to the Knights, ranked by Order with the crests still in place today. The purpose of the Knights originally was to provide medical care for wounded crusaders but they soon became a military order and fought off attempts by the Ottomans to capture Rhodes (which they did eventually). The head of the Order was the Grand Master. We visit the splendid Palace of the Grand Master, the focal point and most important site of the Knights' Quarter. This magnificent structure is also called the Castello is a fine example of Gothic architecture. The Byzantine citadel was constructed in the 7th Century, the palace itself in the 14th Century. Where the palace sits today might have been the spot where once stood the Colossus of Rhodes, one of the Seven Wonders of the Ancient World. Our tour also takes in the Mosque of Suleiman the Magnificent, Turkish Baths, the Hospital of the Knights and the Church of Our Lady of the Castle, which has stood guard since the 11th Century.
3. One of the Seven Wonders of the Ancient World once proudly stood here. He was the Colossus of Rhodes and is of course long departed, probably destroyed by an earthquake. Nevertheless as you arrive on this wonderful, historic island, you may just be able to imagine this statue of the Greek sun-god Helios in 280BC, standing 100 feet tall in celebration of Rhodes' victory over Cyprus. We travel first to Lindos, about 55km from Rhodes Town and high above the village sits the impressive Acropolis of Lindos with the Doric Temple of Athena, built in 300 BC. Captains' mansions constructed between the 16th and 18th centuries are dotted here and there and in the heart of Lindos is the Church of the Virgin Mary with lovely frescoes from the 15th Century. Back in Rhodes is where we are really immersed in the history of the island in the Knights' Quarter. We stroll through Gate d'Amboise to walk along the Street of the Knights and see where they lived, separated according to Order, their crests still visible today.

▶ Be sure to get back to the cruise liner in time for departure.
